NEW

Veinlite EMS PRO®

Recognized Worldwide as an Essential Part of an EMS Kit

Veinlite EMS PRO was designed to ensure faster vein access in Emergency medicine applications. EMTs and first responders performing IV access procedures can locate and access suitable veins more efficiently than ever. It features a combination of selectable orange, red, and white lights, guaranteeing optimal imaging contrast in any situation.

Why choose Veinlite EMS PRO

- Clinically proven Veinlite technology*
- Fewer IV access failures
- Improved patient outcome
- Built-in white exam light for patient assessment in the field
- Works on patients of all ages and skin tones
- Meets INS and CDC Guidelines for infection control
- FDA and CE registered
